

BOUYANCE BOOSTER KIT

Bouyance Booster kits will work for the following models:

Wheely Dock XL, Wheely Dock XL with Front Extension, Wheely Dock XL with Tail Extension, Wheely Dock 3000 and Wheely Dock 5000

Bouyance booster kit includes

2 Plastic Bouyance Boosters

2 Structure Plugs

2 Hexbolts w Washers and UHMW Blocks

Install Bouyance boosters while the float is in the water. Make sure when installing them that one booster is face upside down with kiss off facing up. The other booster needs the kiss off facing down. The pair will give and extra 150 lbs of floating in the back
