

## BUOYANCY BOOSTER KIT

Buoyancy Booster kits will work for the following models:

Roll-N-Ride XL, Roll-N-Ride Dock XL with Front Extension, Roll-N-Ride Dock XL with Tail Extension, Roll-N-Ride Dock 3000 and 5000

Buoyancy booster kit includes

1 Plastic Buoyancy Booster

2 Structure Plugs Kits

2 Hex bolts w Washers and UHMW Blocks

Install Buoyancy boosters while the float is in the water. The Buoyancy boosters will give an extra 175 lbs of floating in the back where the most lift is needed because of the extra weight of the motor
